

MAGICAL WINTER NIGHTS

*Back by popular demand,
Magical Winter Nights returns
with an enchanting winter
dining experience for 2024...*

Transforming the Ampney Brook Terrace into a frosted winter woodland, join us to raise a glass of mulled wine to the most magical time of the year. Surrounded by snowy stems of willow and hazel that glow against the night's sky, softly twisting branches laden with winter berries, mistletoe and pinecones will create a welcoming retreat on a winter's night.

Apres-ski meets British brasserie with a 2 and 3 course menu rooted in winter warmers. Taking inspiration from the French Alps, our molten cheese fondue laced with Château de la Roche and Kirsch will star alongside truffle and wild mushroom Tartiflette; a creamy, comforting blend of baked potatoes, cream and bubbling cheese.

As the magic of Christmas hangs in the air, blankets, hot water bottles and heaters will keep winter's chill at bay but be sure to come dressed for the occasion so you can eat, drink and be merry for a magical winter's night.
